

**npm init**  
**npm install node-sass**

in package.json:

```
  replace:
    "scripts": {
      "test": "echo \"Error: no test specified\" && exit 1"
    },
  to:
    "scripts": {
      "sass": "node-sass -w styles/sass/ -o styles/css/ --recursive"
    },
```

**npm run sass**
